Writing:	Tell your 1st grade teacher something fun about yourself!			Write in your journal of 1 thing you will always remember about Kindergarten!
Social Studies: This is extra!		❏ Brainpop Jr! - watch Social Studies: Mexico here		
Science: This is extra!			❏ Brainpop Jr! Be a Scientist!: watch here	

- Please continue to work through the end of the math and CKLA workbooks after remote learning is over. It is really important that your child gets exposure to this content before 1st grade! You can work at whatever pace works for you, and it will really help them stay on track, as well as give them something to do everyday… but also know that 1st grade teachers will be doing a lot of catching up as well!
